## WELCOME TO OUR PRODUCTS

Penny Price Aromatherapy is a specialist purveyor of medical grade essential oils, carriers, hydrolats and creams. Our professional and acclaimed training courses for aromatherapy and other complementary disciplines are popular in the UK and abroad. Penny Price has over 25 years of experience in aromatherapy. Our company works with independent growers and small farming co-operatives in the south of France where study tours are run each year so that it can be seen how ethically our organic oils are grown and processed.

Penny Price Aromatherapy cares for animals and does not believe in, or carry out any animal testing. Our only exception to animal products is beeswax. We are also environmentally aware and re-use boxes and packing material whenever possible.

### Ordering

Shop online – but ask for an account first so you can see professional prices!

If you order online without an account, but you are an existing customer of PPA, we will deduct your discount when the order is processed.

Orders are welcomed by telephone or fax to our order hotline 0844 8844966 by post, email to [orders@penny-price.com](mailto:orders@penny-price.com), or via our website shop at [www.penny-price.com](http://www.penny-price.com), where you can open a professional account. Payment is with order, unless previously arranged. Goods are not supplied on a sale-or-return basis. All prices exclude VAT and are quoted in British Pounds Sterling. These are TRADE prices and therefore VAT needs to be added to your total due amount for orders in the European Union. Only books and publications are zero rated VAT.

Orders are usually processed and despatched within 24 hours during the working week. However, due to prevailing workloads please ensure that all orders are placed before 1.30pm to ensure same day dispatch. Orders are sent to your delivery address and may take as long as 5 working days to reach you; our carriers do not deliver on Saturdays or Sundays. If you will be out during the day then please inform us of an address of where the parcel may be sent. Carriers will now only try to re-deliver your parcel to you once after a failed attempt before returning it to us. Should your parcel be returned to us then you will be contacted and you will be charged delivery for us to re-send your order to you.

When ordering by post please use our order form and include your payment details, which can be in the form of a cheque, postal order or credit card (remembering to include your start and end dates as well as your issue number, if applicable and your security code). Please also include your full postal address with post code and telephone number so that we may contact you if there is a query.

Please carefully check your parcel on receipt for damages and contact us within 4 days of receipt. We cannot exchange or replace after this period.

Our postage charges are £5.99 for orders below £95 ex vat to mainland UK. Although we make every effort to keep prices static during the life of a price list, sometimes this is not possible due to circumstances beyond our control. However, we always inform our customers of any changes before processing an order.
